PD Dr. med. Ralf Buhl

Recurrence of intracranial meningiomas: did better methods of diagnosis and surgical treatment change the outcome in the last 30 years?

Strassner C, Buhl R, Mehdorn HM.

Neurol Res. 2009 Jun;31(5):478-82. Epub 2009 Jun 4.

Severe hyponatraemia in the setting of hypopituitarism associated with empty sella and herniation of the optic chiasm and gyrus rectus.

Petridis AK, Nabavi A, Doukas A, Buhl R, Mehdorn HM.

J Clin Neurosci. 2009 May;16(5):723-4. Epub 2009 Mar 4.

Gliosarcoma: clinical experiences and additional information with MR spectroscopy.

Buhl R, Stark AM, Hugo HH, Rohr A, Mehdorn HM.

Neurol Res. 2009 Oct;31(8):873-7. Epub 2009 Feb 12.

Outcome of cerebral amyloid angiopathic brain haemorrhage.

Petridis AK, Barth H, Buhl R, Hugo HH, Mehdorn HM.

Acta Neurochir (Wien). 2008 Sep;150(9):889-95. Epub 2008 Aug 23.

Vertebral artery decompression in a patient with rotational occlusion.

Petridis AK, Barth H, Buhl R, Mehdorn HM.

Acta Neurochir (Wien). 2008 Apr;150(4):391-4; discussion 394. Epub 2008 Feb 25.

MR spectroscopy in patients with intracranial meningiomas.

Buhl R, Nabavi A, Wolff S, Hugo HH, Alfke K, Jansen O, Mehdorn HM.

Neurol Res. 2007 Jan;29(1):43-6.

Reversibility of venous sinus obstruction in idiopathic intracranial hypertension.

Rohr A, Dörner L, Stingele R, Buhl R, Alfke K, Jansen O.

AJNR Am J Neuroradiol. 2007 Apr;28(4):656-9.

De novo development of intraosseous cavernous hemangioma.

Buhl R, Barth H, Dörner L, Nabavi A, Rohr A, Mehdorn HM.

J Clin Neurosci. 2007 Mar;14(3):289-92.

Overexpression of midkine contributes to anti-apoptotic effects in human meningiomas.

Tong Y, Mentlein R, Buhl R, Hugo HH, Krause J, Mehdorn HM, Held-Feindt J.

J Neurochem. 2007 Feb;100(4):1097-107. Epub 2006 Dec 20.

Chronic recurrent subarachnoid hemorrhage from a trigeminal nerve malignant peripheral nerve sheath tumor: case report.

Stark AM, Buhl R, Hugo HH, Straube T, Mehdorn HM.

Neurosurgery. 2006 Aug;59(2):E425; discussion E425.

Neuropsychological findings in patients with intraventricular tumors.

Buhl R, Huang H, Gottwald B, Mihajlovic Z, Mehdorn HM.

Surg Neurol. 2005 Dec;64(6):500-3.

Unusual locations for cavernous hemangiomas: report of two cases and review of the literature.

Dörner L, Buhl R, Hugo HH, Jansen O, Barth H, Mehdorn HM.

Acta Neurochir (Wien). 2005 Oct;147(10):1091-6; discussion 1096. Epub 2005 Aug 3.

Metastatic meningioma WHO grade II of the cervical spine: case report and review of the literature.

Pinsker MO, Buhl R, Hugo HH, Mehdorn HM.

Zentralbl Neurochir. 2005 Feb

Surgical treatment for brain metastases: prognostic factors and survival in 177 patients.

Stark AM, Tscheslog H, Buhl R, Held-Feindt J, Mehdorn HM.

Neurosurg Rev. 2005 Apr;28(2):115-9. Epub 2004 Dec 18.

Intracranial and spinal melanotic schwannoma in the same patient.

Buhl R, Barth H, Hugo HH, Mautner VF, Mehdorn HM.

J Neurooncol. 2004 Jul;68(3):249-54.

Clinical experiences with oligoastrocytomas WHO grade II and III.

Buhl R, Hugo HH, Stark AM, Mihajlovic Z, Gottwald B, Mehdorn HM.

Neurosurg Rev. 2004 Jul;27(3):218-23. Epub 2004 Mar 25.

Ganglioneurocytoma of the third ventricle.

Buhl R, Huang H, Hugo HH, Mehdorn HM.

J Neurooncol. 2004 Feb;66(3):341-4.

[Benign fibro-osseous tumors of the frontal skull base with intracranial extension. Report of 2 cases].

Birth H, Maune S, Schlüter E, Schrader B, Buhl R, Hugo HH, Mehdorn HM.

HNO. 2004 Feb;52(2):140-4. German.

Risk of recurrent intracerebral hemorrhages.

Buhl R, Barth H, Mehdorn HM.

Neurol Res. 2003 Dec;25(8):853-6.

Dysplastic gangliocytoma of the cerebellum: rare differential diagnosis in space occupying lesions of the posterior fossa.

Buhl R, Barth H, Hugo HH, Straube T, Mehdorn HM.

Acta Neurochir (Wien). 2003 Jun;145(6):509-12; discussion 512.

Clinical outcome after surgery of intracranial unruptured aneurysms: results of a series between 1991 and 2001.

Hempelmann RG, Barth H, Buhl R, Mehdorn HM.

Acta Neurochir Suppl. 2002;82:51-4.

Therapeutical considerations in patients with intracranial venous angiomas.

Buhl R, Hempelmann RG, Stark AM, Mehdorn HM.

Eur J Neurol. 2002 Mar;9(2):165-9.

Nasopharyngeal extension of a craniopharyngioma in a 4 year old girl.  
Buhl R, Nabavi A, Fritsch M, Mehdorn HM.  
Acta Neurochir (Wien). 2001 Dec;143(12):1283-5.

Stroke pattern interpretation: the variability of hypertensive versus amyloid angiopathy hemorrhage.  
Lang EW, Ren Ya Z, Preul C, Hugo HH, Hempelmann RG, Buhl R, Barth H, Klinge, Mehdorn HM.  
Cerebrovasc Dis. 2001 Aug;12(2):121-30.

Malignant peripheral nerve sheath tumours--report of 8 cases and review of the literature.  
Stark AM, Buhl R, Hugo HH, Mehdorn HM.  
Acta Neurochir (Wien). 2001;143(4):357-63; discussion 363-4.

Brain oedema in secretory meningiomas.  
Buhl R, Hugo HH, Mehdorn HM.  
J Clin Neurosci. 2001 May;8 Suppl 1:19-21.

Secretory meningiomas: clinical and immunohistochemical observations.  
Buhl R, Hugo HH, Mihajlovic Z, Mehdorn HM.  
Neurosurgery. 2001 Feb;48(2):297-301; discussion 301-2.

Spontaneous intracranial haematomas caused by neoplasms.  
Schrader B, Barth H, Lang EW, Buhl R, Hugo HH, Biederer J, Mehdorn HM.  
Acta Neurochir (Wien). 2000;142(9):979-85.

Results in the operative treatment of elderly patients with intracranial meningioma.  
Buhl R, Hasan A, Behnke A, Mehdorn HM.  
Neurosurg Rev. 2000 Mar;23(1):25-9.

Giant cystic craniopharyngiomas with extension into the posterior fossa.  
Buhl R, Lang EW, Barth H, Mehdorn HM.  
Childs Nerv Syst. 2000 Mar;16(3):138-42.

Giant ventral intradural extramedullary neuroma: case report  
Ashour A, Rautenberg M, Buhl R, Mehdorn HM.  
Neurosurgery. 1999 Jun;44(6):1338-40; discussion 1340-1.

Intracranial cavernomas: indications for and results of surgery.  
Mehdorn HM, Barth H, Buhl R, Nabavi A, Weinert D.  
Neurol Med Chir (Tokyo). 1998;38 Suppl:245-9.

Spinal drop metastases in recurrent glioblastoma multiforme.  
Buhl R, Barth H, Hugo HH, Hutzelmann A, Mehdorn HM.  
Acta Neurochir (Wien). 1998;140(10):1001-5.

Pseudotumour cerebri and optic hydrops--magnetic resonance imaging diagnostic and therapeutical considerations in a paediatric case.

Hutzelmann A, Buhl R, Freund M.

Eur J Radiol. 1998 Sep;28(2):126-8.

Dural invasion of meningiomas adjacent to the tumor margin on Gd-DTPA-enhanced MR images: histopathologic correlation.

Hutzelmann A, Palmié S, Buhl R, Freund M, Heller M.

Eur Radiol. 1998;8(5):746-8.

Dura thickening adjacent to intracranial, para-dural space-occupying lesions in MRI. Histologic correlation

Hutzelmann A, Palmié S, Freund M, Buhl R, Heller M.

Aktuelle Radiol. 1997 Nov;7(6):305-8. German.

MR myelography in spinal canal stenosis

Freund M, Hutzelmann A, Steffens JC, Buhl R, Heller M.

Rofo. 1997 Nov;167(5):474-8. German.
